TWO POINT IV BAG HOLDER

MODEL NO.: SEP-IV01

DESCRIPTION

It is designed specifically for the overhead suspension of drip bags without the need to use valuable floor space. It is always available at a moment's notice, yet remains discreetly unobtrusive. As the carrier is track mounted, it can be moved to one side of the cubicle when not in use, and can be positioned at either side of the bed, or above it if required.

SALIENT FEATURES

- Strong aluminum track with white powder-coated finish
- Economical 2-point drip carriers with nylon runners
- Track suspended at cubicle track height
- Capacity 3kg per hook
- Mobile track option

IV BAG HOLDER

MODEL NO.: SEP-IV02

DESCRIPTION

It is becoming increasingly important that the area around a hospital bed should be as uncluttered as possible. It is now accepted that the patients' quality of life can have a direct bearing on recovery time, and the perceived intrusiveness of medical equipment may be a contributory factor.

SALIENT FEATURES

- Heavy-Duty 5 Bag Holder
- Heavy duty self-locking wheeled trolleys
- Five point telescopic carrier trees
- It is made up off aluminum with powder coating on it & hooks are of SS 304.

TELESCOPIC IV BAG HOLDERS

MODEL NO. : SEP-IV03

DESCRIPTION

We offer you a complete line of track mounted IV bags holders with 5-bag pendants. Plus, the multi bag pendants telescope for convenient IV placement. Use with Ultra Cube track. The holders suspend from an Eze-Lock IV Carriage, and are made from stainless steel with folding arms for easy sterilization and storage. With just a flick of the wrist and half a turn, this enhanced IV Carriage locks in place. Plus, it helps maintain patient comfort by not disturbing needles or tubes.
